# Our funding

## About

---

Rātā strives for an equitable and sustainable society.

Over the years we've learnt that our funding makes the most difference in communities that face barriers to things that many people take for granted.

Our focus is to support community organisations who are working to reduce or remove barriers and providing support to those in need.

Through our funding programmes, we aim to support small and large organisations across a wide range of cultural, social, environmental or community projects in Nelson, Marlborough, Canterbury and the Chatham Islands.

## What are our five priorities

---

We focus our funding in five priority areas:

- **Learn** – equitable opportunities to learn throughout life
- **Support** – supporting people to thrive
- **Connect** – connection to people, place, and culture
- **Participate** – removing barriers to participation
- **Sustain** – enhancing environmental sustainability

## What we fund

---

- Project costs or operating costs (small and large grants).
- Building projects which enable access to facilities and services in areas of need.
- Internal capability building.

## Who we fund

---

- Incorporated Societies
- Charities
- Not-for-profit entities
- Collaborative partnerships

## Application tips

---

- All applications must align to one of our five priorities.
- Keep your applications clear and concise.
- Give us a call to talk about eligibility or the application process.
- We have a rolling application process. Plan for a 10-week turnaround for small grants (below \$20,000) and 4 months for large grants (above \$20,000).

## What we don't fund

---

- Individuals
- Retrospective applications
- Projects where the benefit is outside our funding regions
- Competitive or elite sports
- Research
- Projects with no community involvement
- Scholarships
- Commercial organisations

## Next steps
